The Village Collection

We are very proud of our door's credentials and its ability to meet the most demanding technical requirements.

Quality you expect

We have the best product in the market by far. Our superior GRP doors have a high impact resistant skin with a beautiful woodgrain finish which gives a Distinction door its prestigious authentic and premium aesthetic.

Decorative glass

Double and Triple glazed glass, standard 24mm units for enhanced security and peace of mind. Laminated option available.

Engineered wood

For improved stability.

Foam filled core

The rising cost of energy bills and the impact on the environment means we all want to keep our consumption to a minimum by keeping warmth in and draughts out. When compared to a solid timber core composite door (48mm) and a timber panelled door (44mm), calculations prove that our composite door is 50% more thermally efficient than the alternatives.

Reinforced core

The reinforced central board gives you extra reassurance that your Distinction door is both solid and secure and has earned our door its reputable 'Secured by Design' status.

Water-resistant composites

Water-resistant polymer composite rails help keep water absorption at bay, which helps prevent a bowed door; often associated with timber core alternatives.

With two decades of experience and a dedication to excellence, we have earned the trust of installers and homeowners across the UK.

Our doors have been designed to keep your home safe and snug, reflecting our commitment to quality craftsmanship and your peace of mind.

Style notes

Tap into your
imagination and
discover colour.

Your door doesn't
need to be white
on the inside!

Opt for a cool grey
on the inside of
your door to create
a contemporary
look.

Enclosed mini-blinds

Our mini-blind is the perfect solution for controlling light and privacy in your home. Mini-blinds have a simple control mechanism to be raised or tilted with one hand. The system uses a magnetic tab rather than a traditional cord, so is completely safe for use around children. Enclosed within two panes of glass, it never requires painting and is protected from damage and dust. A practical finishing touch to any external door.
